

## **What does the Quran say about power?**

The holy Quran implies that all power in the cosmos derives from God's will to power; thus, it is essential to ontologically define the idea of power, its existential essence, function, and substantial or abstract factors of power.

Verses 26 and 27 of Surah Al-Imran are often recited for specific supplications and are known as the “Verses of Sovereignty” (Ayat al-Mulk). These verses are: “Say, 'O Allah, Owner of Sovereignty, You give sovereignty to whom You will and You take sovereignty away from whom You will.

## **What is power, why is it important today ?**

Learning about power is important because it helps individuals understand and navigate various aspects of life, including social dynamics, relationships, and decision-making. It also promotes critical thinking, awareness of potential biases, and the ability to identify and leverage opportunities for positive change.

Get to know about power in organization, once you know the bases and tactics of power, you can implement it.
