-

Part B: Practice Task (with Example Answer)

Task: Create a webpage with one heading and one paragraph. Use CSS to make it colorful.

Example Answer:

```
<!DOCTYPE html>

<html>

<head>

  <title>My Favourite Food</title>

  <style>

    body {

      background-color: lightyellow;

    }

    h1 {

      color: orange;

      text-align: center;

    }
```

```
p {  
  color: brown;  
  font-size: 18px;  
}  
</style>  
</head>  
<body>  
  <h1>My Favourite Food</h1>  
  <p>I love eating grilled fish because it is healthy and delicious!</p>  
</body>  
</html>
```
